FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at www.archives.gov.

INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN KENTUCKY

ORGANIZATION

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from \$8 to \$10 a month for adult male field hands, well below the state's average wage of \$15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received \$25 per month and laborers in the farm belt areas earned \$12 per month. In some Kentucky counties, freedmen

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.¹

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.² Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6-18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.³

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.⁴ This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861-1869*.

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.⁵

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821-1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865-1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

Registers of Letters Received

The twelve volumes of registers of letters received are dated March 1866–April 1872 (1–12). Entries in the first nine registers, March 1866–February 1870, are arranged alphabetically by initial letter of the surname of the correspondent and thereunder chronologically. However, each register does not contain all alphabetical divisions. For example, the “As” are in volumes (1), (3), and (9) only, and the “Gs” are in volumes (1), (2), (3), (6), and (9) only. The volume listings below show the initial letters of surnames included in each volume. The entries within each alphabetical division are numbered with a separate numerical sequence for each year, but don’t always span the time period listed below.

The last three registers, January 1870–April 1872, are arranged by time period. The entries in volumes 10 and 11 are arranged alphabetically by initial letter of the surname of the correspondent and thereunder in chronological order and numbered. The entries in volume 12, July 1871–April 1872, are arranged in chronological order and numbered with a separate numerical sequence for each year. The name index to volume 12 is volume (13) above. The letters received relating to the registers, March 1866–February 1872, are listed below.

Louisville Ky March 26th 1864
Head Quarters 10th Dist of Ky

Office of Chief Medical Officer
Louisville Ky. July 27th 1866.

Sir

I have the honor to acknowledge the receipt of your communication of the 21st Inst. and in reply would respectfully state that there is at this date one convalescent patient in the Eruptive Fever Hospital near this city.

I would respectfully state that there were no Refugees or Freedmen treated at this Hospt. in June 1866, though the inmates were mostly Colored Troops returned to the rendezvous at Louisville to be paid off and discharged the services Steps were taken by the direction of Put. Col. Swift M. d. Director at that time to close this Hospital early in June which the occurrence of several fresh cases of variola prevented. at that time fifty beds complete were turned over to the City Poor House gratuitously by direction of the Surgeon General and much of the remaining Medical and Hospital Property destroyed. Asst. Surg. R. A. Bell U. S. A. was relieved from duty on the 23rd inst. the convalescent patient being transferred to the Post Hospital - Hospt. Stearns Crosby and one convalescent remain in charge of the Property left on hand principally belonging to the Q. Masters Dept. which I have as yet got no instructions how to dispose of.

Dr. Bell is now on duty at the Genl. Hospt. for R. & F. for the State of Ky. under my charge (from the U. S. Crittenden Genl. Hospital) the increase of patients rendering his services necessary I therefore respectfully recommend that his connection with the M. d. Dept. remain annulled from

Account for services is herewith respectfully forwarded.
Capt. Major Asst. Surg. Harnor U.S.A. is now in charge
of the Post Hosp. and Med. Officer to the 2nd Infy.
Without an assistant, the Regt. has recently been filled
up by the addition of several hundred new recruits
many of these recruits are coming on the sick report
the number of camp women and children with Regt.
is large and the location of the Barracks is malarious;
it was with reference to this that Genl. Davis telegraph-
ed as to the probable necessity of another Med.
Officer being required to replace Asst. Surg. Culbertson
U.S.A.

I would therefore respectfully suggest that I be
authorized to contract with some competent person
to be employed as soon as additional Medical aid
becomes indispensable.

I have the honor to enclose copies of circular No. 4,
Genl. Orders No. 5, H. Q. Dist of Ky. for your information.

Very Respectfully

Your Obedt. Servant

Sir

Believing that you are desirous of being advised
in reference to the reported appearance of Cholera among the
men of the 2nd Infy. stationed here I would respectfully
report that only two cases have occurred up to this
date. The first case occurred Sunday morning and
terminated fatally about one o'clock the same day - and
other man was attacked yesterday and died this morning.
These men were recent recruits from Governors Island
N.Y. Harbor - Every precaution is being taken by Asst.
Surg. Harnor to prevent an epidemic. Disinfectants
are largely used and great attention paid to cleanli-
ness and policing the quarters and grounds at the
Barracks. The discharges of the cholera patients are
disinfected before being emptied into the sinks the rooms
are disinfected also. The bedding of the first
patient was destroyed - which will continue to be
done in succeeding cases. I will continue to keep
you advised in case of any farther progress of the
disease - and will adopt any additional preventive
measures that you may recommend.

Very Respectfully

I have the honor to forward herewith a Requisition for clothing for gratuitous issue to the sick and destitute inmates of the Hospital for Refugee and Freedmen located in this city. Patients of this class are frequently admitted to this Hospl ragged and dirty and when sufficiently recovered to be discharged will unless the government supplies them be dependent upon charity for clothing to enable them to leave the Hospital and care for themselves.

A number of these patients are now convalescing

and about the wards with nothing to wear except Hospl. shirts and drawers and perhaps a ragged pair of pants.

Sir:

I have the honor to report that I find the ration
allowed by circular No 18 War Dept. Bureau R. F. & S. 1865
to the sick of the Hospital for R.A. in this City entirely
inadequate.

On the present ration I am totally unable to
save a Hospital credit sufficient to provide delicacies
eggs, milk, vegetables &c for the sick and which are
absolutely necessary often to save life.

There are many inmates of this Hospital very
ill with almost every variety of disease and it is
painful to hear them asking for such articles of
diet as the sick require, and which cannot be procured
for want of a fund. The Hospital is now in debt

(forwarded)

about \$150⁰⁰, and I have practiced great economy.
I do not think a Hospital with sick can be run
with less than the full army ration. For instance
the allowance of candles for ten days would hardly
more than light the wards one night; so of soap
the allowance would not wash one fourth part of
the quantity of clothing necessary in a Hosp. like this.

The object of this Hospital has not been
to provide an asylum for indigent but a receptacle
for the sick and suffering destitute who so far
as they recover are promptly discharged.

In my judgment either the ration
authorized should be increased, or purchases of
additional articles be allowed from the appropri-
ation for the Bureau, or the purpose of the Hosp.
should be changed to that of an asylum simply
for I am satisfied that on the present issue no
Hosp. fund can be made and articles of extra
diet can not be provided for the sick, who must and
do therefore suffer.

The Hosp. contains over one hundred patients.

Sir:

I have the honor to acknowledge the receipt
of your communication of the 10th Inst. and would
respectfully state in reply that I was not aware
of any specific instructions in respect to the em-
ployment of contract nurses &c. in Hosp. for Freedmen
and that there has been no intention of violating
existing orders. In all cases the best interests
of the service, and economy in all things so far
as possible, has been carefully observed. The
Assistant Commissioner has taken an active
interest in all that relates to the establishment
of the Hospital, Dispensary &c. and as it was
supposed equally necessary to have some one
to put up and dispense medicines as prescribed
them, the Asst. Commissioner authorized the employment
of such persons, as indeed the employment of a
Druggist at \$50 per month dates as far back
I understand, as '65 when a Dispensary was
first established in Louisville. I do not think
it possible to obtain the services of an intelligent
man with or without some knowledge of Medicine
at a less compensation; an ordinary laborer
gets nearly that sum per month. The Druggist
at the Dispensary receives neither rations, fuel,
nor quarters. The one at the Hospital who acts
as Druggist, lives at the Hosp. and as the
Clerk keeps all the books and records, and
makes out all my reports &c.

The weekly Reports on separate blanks, and
consolidated monthly reports of sick and wounded
will be made out, and forwarded as directed.

The Hosp. Attendants are paid by direction
of the Asst. Commissioner, at the end of each

Doctor,
I send you by Adams and
Co's Express a blank Register in
which to keep a careful record of
all cases of Refugees and Freedmen
treated. I have changed and ruled the
first page of the Register to adapt it
to this class of patients; all over 14
years of age whether male or female
are considered as adults; and all
under 14 as children - a figure 1 is
placed for each patient entered on the
Register under one of the headings
"Adults Male", "Adults female", "Children
male", "Children female" according to
which of these classes the patient
belongs - You can, by this means, see
at a glance how many of each of each
these classes have been prescribed for
during the week, and thus easily
make up your Weekly Reports of
Sick and Wounded. You will please

54
mail to me every Saturday morning
Weekly Report of Sick and Wounded
- from the opening of the Dispensary -
You will also please keep and
forward at the end of the month,
with the Monthly Report of Sick

number of prescriptions made during
the month.

copy of Special Orders No 87

copy of Circular Letter from
the Commissary General of Subsistence
dated Washington City
Nov. 19th 1866 Concerned in by
Major Genl. Howard with directions
that Officers in the
Freedman's Bureau will be gov-
erned according to. The en-
closed Order (Special Orders
No 87) is based upon this
Circular Letter which, as will
be seen is so construed by
the Assistant Commissioner
as to permit a change in
the ration established for
Refugees and Freedmen by
Circular No 8 War Dept
Bureau, R. F. & A. L.
Washington June 20th 1865
and to authorize the issue of
full rations to these classes
of persons in Hospital and
where specially necessary.
I would be respectfully ask
to be informed whether the
enclosed Order is a correct

Construction of this Circular Letter? - I have questioned whether this Circular Letter was not more especially designed to modify the operation of Circular No 10 War Dept. Bureau R. F. and A. L. Washington D. C. Aug 22nd 1866 - so far as to authorize the Asst. Commissioner to issue, when specially required, rations to Refugees and Freedmen not in Hospital &c.

If it is not the intention of the Commissioner to authorize the full ration to Freedmen in Hospitals, I would respectfully represent the great need of an increased ration and ask that it may be allowed, the established ration has been found entirely insufficient to comfortably provide for sick and wounded Refugees and Freedmen in Hospital - as reported by me to the Asst. Commissioner under date of Sept 22nd 1866, and upon which the Asst. Commissioner strongly recommends an increased ration for Hospitals.

Cal. I have the honor to
submit for your approval a
Quarterly Requisition for Medical
and Hospital Supplies req^d in this

Dist. Many articles not in
conformity with the supply table
are required for treating the great
variety of diseases admitted to the
Hospital in this City, and by
the employment of which, we
hope for more satisfactory results.
The very great prevalence of dis-
ease of the Chest among patients calls
for increased quantities of all articles
employed in their treatment viz. O.
Mullein &c and of all articles for making
expectorant mixtures. So of other
articles employed in treating diseases
to which the Cold & Cough seems pe-
culiarly subject. I thought it
proper in consideration of this deviation
from the Supply Table to forward
this Requisition for your consideration.

Enclosed is a Monthly Report ending March 23rd 1867
to E. D. Mortimer (Asst. Asst. Surg. W. H. M.) Mount Sterling, Ky.
Respectfully returned for correction. The total under "Total"
during the week is made up of the remaining at last weekly
report, and "gain since last weekly report" which in your report
should be 24 instead of 26. In the "unusually at date of this report"
you have given children "3" whereas 3 female children "unusually"
at last weekly report and 3 gain since last weekly report
should make "unusually at date of this report" 6. Great care
should be taken in making out weekly reports as a mistake
in one report delays all the others & prevents the surgeon
in chief making his consolidated report to Washington at
the proper time.

in your opinion an Asst. Surgeon is required as Paducah to
attend destitute "Refugees & Freedmen" and if so, whether there is
any Physician in good standing, residents at Paducah, who could
take the test oath & who would be willing to contract with
the Bureau to give such attendance - also necessary Medicines
&c. being furnished by the Bureau. It is probable that there is an
acting Asst. Surgeon in attendance on the Military who would
be willing to contract with the Bureau for additional pay

I am instructed by

1) Endorsement on letter from Subst. J. A. Edwards Aug 14th
Chief Medical Officer B. R. F. L. by Subst. J. A. Edwards
Aug 14th 1864.

Respectfully returned with the information
that immediately after receiving the goods submitted
to Capt. Haley, I transmitted to the office of W. C. Cretney,
Surgeon U.S. Army, for the same. The passing these goods
were sent through that channel instead directly to Capt.
Haley was that instructions to that effect had been received
from Surgeon Sanborn, Washington.

Of the two communications from the office of the
Chief Medical Officer I can only remember to have
received one dated March 12th 1864 and I believed at the time
ignorantly that the only answer required & desired was
the transmittal of the returns.

These returns have been forwarded to the Chief Med.
Office of the Bureau through Subst. J. A. Edwards' office this
City.

Colonel

I have the honor to forward for your consideration the enclosed communication from Prof. J. T. Frazer, Dean of the Faculty of the Kentucky School of Medicine, with the request that I may be instructed what action to take in the premises.

Permit me briefly to call your attention to the following statement, together with the reasons why I have declined to act upon my own responsibility. The Kentucky School of Medicine is an offshoot from the Medical Department of the University of Kentucky. So far as I am informed it is proposed to have two schools of Medicine in this city during the coming winter, should the privilege of delivering clinical lectures at the Hospital for R. & F. be granted to one school, the other will, I think, not apply for the same privilege.

I have also held that the Hospital for R. & F. is a Government Hospital upon the same footing as a Military Hosp. proper and that I had no authority to grant the request of the faculty, because I had no jurisdiction in the premises.

The law of Congress as I understand it allows no one to hold any Office of either trust or profit under the Government without subscribing to the oath known as the "test oath" but few of the Professors I am informed would or would take that oath, the question therefore arises, is the position of clinical lecture in the Hosp. for R. & F. an Office

of trust or profit? or does the granting of the privilege asked for in the letter of Prof. Frazer create an Office under the Government?

Another objection in my mind is the right of using the patients in the Hosp. for the purpose of clinical instruction.

It is proper for me to say that objections are made by Physicians and others of this city, who claim to be "free men" the loyal men of the city to the use of the Hosp. by the Professors of either college on the ground that many of the Professors are Rebel Sympathizers.

It is also proper for me to say that very many of the students were either in the Rebel Army or have been in sympathy with the Rebellion.

Very Respectfully

Your Obedt. Servt.

On an official letter has been received by Genl. Ely Chief Supt. B. & R. R. State of Ky from Genl. J. D. Sewall Capt. Genl. of the Bureau on the Staff of Maj. Genl. O. O. Howard in which he says: While at Paducah "I did not like the appearance of Dr. Haring. He was not quite sober. I felt obliged to report him as I said him. The General (Genl. Howard) is not satisfied with him altogether."

Dr. Best also called at this office to day and reported that Dr. Haring was in the Rebel service for a short time. General Sewall also says that Dr. Best comes to Washington well recommended, and if Genl. Ely and myself think it best to make a change and Dr. Best is satisfactory, Genl. Howard will approve the appointment.

I am instructed by Genl. Ely to request that you will make an investigation as to the habits of Dr. Haring particularly as to the use by him of intoxicating liquor.

Also please report what you know & can find out as to the character, habits, standing and loyalty of Dr. Best.

It having been reported
that day before yesterday some cases, either
or after a Post Mortem examination, the

water (probably bloody) out of the Dead House, either on or in the neighborhood of the Sentinel's tent. You will please take measures to prevent a recurrence of the offense and instruct all persons that nothing of that character must be thrown out of the Dead House, but must be carried away and be deposited in the sink or some other appropriate place.

After every Post Mortem examination you will have the Dead House thoroughly cleaned and disinfected and during the Post Mortem examination and when the Dead House is being cleaned General Purlock directs that the Sentinel be released from duty at that Post.

Brigadier General C. B. Clegg
 Chief of Staff B. R. E. State of Ky
 General

I have the honor to report that I have carefully investigated the charge contained in the enclosed letter of C. D. Kennedy and find that the main facts stated in the enclosed letter are true. Mr. Kennedy called at the Office of the Hosp. for R. & T. about 2 o'clock P.M. August 29th and requested to be permitted to see Mr. Meuser a patient in the institution and was refused permission by Cadet Anderson, the Officer of the day. Mr. Cadet Anderson states that he supposed he was acting under instructions from D. R. A. Bell in charge of the Hosp. which instructions were as he understood them - not to allow any one to take Mr. Meuser out of the Hosp. or to visit him in the Hosp. Mr. Cadet Noble understanding of D. Bell's order was the same as Mr. Anderson's.

D. R. A. Bell in charge of the Hosp. states that he was not at the Hospital at the time C. D. Kennedy called, if he had been at the Hosp. Mr. Kennedy would have been allowed to visit Mr. Meuser without any difficulty. D. Bell also states that some time since certain parties were in the habit of visiting Mr. Meuser at irregular hours and taking him from the Hosp. without authority upon which occasions he was in the habit of returning under the influence of liquor to prevent which I instructed my subordinates not to permit anyone to visit or take out Mr. Meuser at improper hours but which some of the city Med. Co. did misunderstand my instructions concluded he was not to be visited at all. It is unfortunate that D. Bell's orders, eminently proper in themselves were not given in writing in order that there could not be any misun-

derstanding about them. Under the provisions of Sp. O. 11th dated April 15th 1867 Mr. C. D. Kennedy had the right to visit the Hosp. and see Mr. Meuser, provided he complied with the provisions of the order, that on this occasion at least Capt. Kennedy did, and the refusal to permit him to see Mr. Meuser was clearly a violation of the order - under all the circumstances it is respectfully recommended that the Surg. in charge of the Hosp. be directed in future to issue all orders and instructions for the government of his subordinates in writing furnishing the Chief Comm. with a copy of all such orders and instructions, and that he be directed to keep an "Order Book" in which all such orders and instructions shall be entered and that he be instructed to see that all the instructions contained in Special Orders 11th be strictly carried out.

Your Monthly
Report of sick and wounded Rec. for the month
of October 1867 has been received at this Office

In your Report for November 1867 I returned the October
Report to you corrected in pencil, requesting you to correct
your returned copies accordingly, and reforward the one
sent you to this Office, instead of which you sent one
duplicate differing materially from the previous one.
Where death occurred you have added new cases, not
to be found in the first Report. In the Duplicates for
October you have in the one two (2) cases of inflammation
of the lungs and in the other two (2) cases of inflam-
mation of the lungs, again in the same Reports you
have one (1) case of inflammation of the bowels and
in the other you have one (1) case of Hemorrhage
from the bowels showing cancellousness in pre-
paring your Report.

I have again corrected (in red ink) your Report
for October to correspond with the one corrected
in pencil - by crossing out the added cases making
it correspond with the returned copy at this Office
and also the one forwarded to Washington. You
will take this corrected Report as your basis for
your November Report and correct and forward
the same by return mail.

The remaining at date of this Report in your October
Report (in S. S.) is 2-3-4-2 which should have been the
same in remaining last monthly Report (in S. S.) for
your November Report, instead of which you have
2-2-3-3. According to my corrections in your October
Report the remaining at date of this Report is 1-3-2-1 and
these figures you will take as the remaining last
monthly Report (in S. S.) for November 1867.

Please correct your returned copies according to
my corrections and return immediately.

Yours Obediently

Colonel

In consequence of
the delay of and inaccuracies in the Monthly Reports of
A. A. Surg. Gen. Harris U. S. A. on duty at Paducah Ky as well
as with a view to economy, it was deemed necessary
after consultation with B. & F. A. H. Gen. S. B. B. & F. A. H.
State of Ky and B. & F. A. H. Gen. P. Runkle Chief Surg. of
to terminate the contract of Dr. Harris to take effect
the 31st inst and adopt some other plan by which the
indigent freedpeople of Paducah Ky and vicinity could
receive Medical attention.

In order to ascertain the requirements of the citizens
of Paducah on the subject B. & F. A. H. Gen. W. J. James Key Surg. B. & F. A. H.
on duty at Paducah was written to and his reports
said that he called upon the authorities and that they
agreed to give the necessary Medical attention provided
the General Government will furnish Medicines

Should this plan meet your approval I have
the honor to ask for authority to secure the necessary
Medical supplies.

It is not contemplated in this agreement
to increase the issue made heretofore to Dr.
Harris.

Colonel

I have the honor to
acknowledge the receipt of your letter of 25th inst.
and in reply I would respectfully offer the following
Statement.

On the 19th of November 1867 Col. J. A. Edwards
Rankle Chief Surg. Paducah Ky addressed a letter of Enquiry
to Capt. Wm. J. Ray U.S. Vol. and Chief Surg. and Comm. at
Paducah Ky relative to the necessity for continuing
the services of Dr. H. H. H. and if his Contract was termi-
nated would the Civil Authorities attend to the
indigent Prisoners. Capt. Ray replied on the 23rd of the
same month that he had had an interview with the Civil
authorities and they had agreed to do so provided the U.S.
Govt. would furnish the Medicine.

Upon the 9th of Dec. 1867 I received an order from
Genl. Burbank Adj. Comm. Paducah Ky to annul Dr. H. H. H.
Contract to take effect Dec 31st 1867 and authorizing me to
take proper steps to procure Medicine to be furnished
the City authorities.

Dr. H. H. H. was furnished all the necessary blanks
to make out his return of property and at the time it was
intended to order him to turn the property over to Capt.
Ray, but the order to do so was withheld until the Capt.
had made arrangements with the Civil authorities.

The matter stood thus waiting the completion of
Capt. Ray's agreement with the City authorities but
receiving no report I addressed a communication
to Capt. Ray Jan 7th 1868. The reply to which came
dated on the 28th of same month stating as the
cause of delay his inability to confer with the City

In view of the absence of the Mayor and City Physician
and also stating, that the City authorities concluded
to have nothing to do with the Prison. They
would accept any Medicines which might be fur-
nished, but would not assume any responsibility,
and upon this determination Capt Kay recommended
that any Medicine be furnished.

During the decision of this Office in the case
your Communication of the 5th ult. was received
and Dr. Harris was immediately instructed to turn
the Property over to Dr. Brown.

A further delay was caused by a mistaken
the notices of Dr. Harris requiring Communications
to pass between Dr. Brown and himself.

Dr. Brown's Receipt for the Property was
forwarded to your Office the same day that I
received it.

Inventories of the Med. and Hosp. Property
at Sub. Hosp for Dist of Ky. will be com-
pleted in a few days and the proper papers made
out making one party responsible therefore.

Hoping that the above statement will be
found satisfactory.

I remain

Colonel, I have the

honor to acknowledge the receipt of your communication of the 9th inst. relative to the non-receipt of the Monthly Reports of Sick and wounded R. & Bell. In reply, I have to respectfully state that I forwarded said Reports to you on the 17th inst., which were delayed to the date mentioned in consequence of error in the Reports of D. Drake, and upon it necessary to return the same for correction.

My Reports for March were forwarded on the 8th inst. and I presume have already reached you. All my Reports are prepared and forwarded at the earliest possible moment, but unavoidable delays sometimes occur because of errors in the Reports from some of the sub. Dist., rendering it necessary to return them for correction.

I will prepare and forward without delay Duplicate Consolidated Monthly Reports for Dist., accompanied by certified individual Reports.

I would also state in this connection that there will be some delay in forwarding the final Returns

of D. Drake to A. A. Surgeon, U.S.A. at West. Dist. Ky, having been compelled to return them to him for correction.

Enclosed please find certified Copy of my official letter of transmittal forwarded with Monthly Report of February.

Bureau, Prof. Friedman & Grand
Apt. Commissioners Office State of Ky
Louisville Ky March 12 68

57
Brevet Brig. Genl. S. Burbank U.S.A.
Apt. Commissioner etc State of Ky
General.

In obedience
to Special Order No 24, Extract. Dated
Apt. Com. Office State of Ky. Louisville
Ky. March 2nd 1868. I proceeded to the
places indicated in said order and have
the honor to submit the following re-
port.

Upon my arrival in Lexington,
proceeded to visit the different localities
of the city in which the freed. people are
congregated, many of whom I found
in a suffering condition from want
of food, clothing and fuel, living in
ill ventilated, cabins and dilapidated
houses, every room of which is occupied
by from one to three families. These hab-
itations are generally located in the
most unhealthy parts of the city sur-
rounded by decaying vegetable and
animal matter and as a natural con-
sequence from this condition of things
the various diseases to which man-
kind is heir prevail largely in excess
of what they would under more favor-
able circumstances.

Dr. Tuggle in charge of the Bureau
Dispensary at Lexington is attentive and
faithful and I believe has the full con-
fidence of the colored people. The
only fault to be found with him
is that he is somewhat careless

about registering all the cases for which
he prescribes but this defect I am satisfied
will be rectified in future and a just
report of cases and prescriptions ren-
dered.

At Mount Sterling the freed-
men are in a better condition than
at Lexington so far as regards their
habitations and surroundings, but
they are not properly cared for medically
by Dr. Drake in charge of the Dispensary.
I learned that the Doctor had no specified
time in which to attend the Dispensary
and hence the uncertainty of finding
him deters the needy from calling for
medical aid. I am satisfied that the
Dispensary ought to be retained there
and that a faithful Surgeon will find
a sufficient amount of suffering among
the indigent freed. people of the place. It
consumes a large portion of their time
unless Dr. Drake is more attentive to his
duties I would recommend that his con-
tract be annulled and some one else con-
tracted with to take his place.

Dr. Temple in charge of the Dispensa-
ry at Covington is efficient and faithful
and accomplishes a great amount of
good and only as the Physician but
as the friend and adviser of the freed
people of that city.

The condition of the tenements
occupied by those people in Covington
is wretched, old dilapidated warehouses
cellars, garrets and miserable apartments
cramped with half starved, half clad
and squallid looking men, women
and children.

disease depicted in their countenance and but for the care and skill of Dr Temple the mortality would be large.

In conclusion I would respectfully suggest that prompt hygienic measures be adapted as soon as practicable to prevent the inception and spread of malignant diseases which I doubt not will commence and progress as the warm season advances.

Very Respectfully

Upon my arrival at Owensboro
I proceeded to visit the different lo-
cations of the place in which the
Free people are congregated. Large
numbers of whom I found suffer-
ing from the want of medical at-

tendance and medicines. These people are
ed in small ill ventilated tenements
in the most unhealthy parts of the town
surrounded by stagnant water the
sure propagation of disease especially
in a malarial country. I was in-
formed by Captain Sawmill Sub Asst,
Commissioner and Dr. Todd that large
numbers of them are suffering at the
time from mackes and scarlet fever
and that during the hot weather they
suffer terribly from Typho Malarial
fever.

I was unable to make any ar-
rangements with the civil author-
ities of the place for the medication
of these people.

I am satisfied of the imperative
necessity for a Dispensary in the place
and if incompatible with the interests
of the Bureau to establish another Dis-
pensary in the District I would respect-
fully suggest that the one at Mount
Sterling be transferred to Owensboro.

I have the honor to invite your
attention to the accompanying letter
from Capt. Sawmill relative to the con-
dition of the Free people in and around
Owensboro.

Very Respectfully

In obedience to Special Order No 65, Ext 24 dated Bureau R.F. & A.S. Asst. Com. Office Dist. of Ky. Louisville Ky. May 25th 1868. I proceeded to Warsaw Ky. and have the honor to submit the following report.

In company with Lieut. Boyle commanding the post at Warsaw I inspected the residences of greater portion of the freed people in the place. I found considerable destitution but comparatively little or no sickness. The case of small pox reported to you was brought to Warsaw from Covington Ky. and is the only one so far. Lieut. Boyle had the case removed to a suitable place on one of the hills south of the town with all his family and effected nothing had been done however to disinfect the premises from which the family had been removed, nor to prevent the spread of the disease. In my investigation I found a large number, both white and black, unprotected, and acting upon this presumption took the precaution to procure and take with sufficient quantity of fresh cow virus to vaccinate all the freed people at the place, not all ready protected.

I made arrangements with Lieut. Boyle and Dr. Stort, Surgeon at Warsaw.

Regiment of Soldiers under Lieut. Boyle, to have the colored people collected together and vaccinated.

I had a protracted interview with the civil Authorities of the place, relative to the care of the colored people in case of sickness, and the hygienic means which ought to be adopted in order to prevent the inception and spread of disease of any kind, and was answered rather sarcastically, that if the "Negro" had the means to pay for medical attendance and medicine, they presumed he could procure both, and as to his habits of cleanliness or filth it was none of their business.

In conclusion I would respectfully recommend that some medicine be furnished Lieut. Boyle, which can be dispensed to the needy freed people at Surgeons morning call to the garrison. There being but ten (10) soldiers at the post, and but few colored people in the place, with a very healthy country, the Doctors duties would be light.

I find no Invoice with your
Semi-Annual Return as a voucher for the
Med. & Hospital property received from A.
V. Cherbonnier, Med. Storekeeper St. Louis Mo.
January 17th 1868. One is required if not already
forwarded.

You have forwarded as a voucher
for the Med. & Hsp. property received April 25th
1868, your own receipt which is incorrect, you
should forward a certified invoice signed by
A. V. Cherbonnier which I presume you have.

Also I see you have expended some
batteries in dispensing medicines. Your atten-
tion is invited to Circular Letter dated War
Dept. Bureau R. & F. Med. & S. Office L. M. O. Washington
D.C. Dec 19th 1866. which requires a certificate
stating the fact, to be forwarded as a voucher.

The plan proposed contemplates the closing of the Hospital and establishing two (2) additional Dispensaries instead thereof in this city.

I respectfully ask to be instructed whether I shall proceed as already advised or await the decision of the Com. relative to the proposed plan of the Asst. Com.

I have the honor in obedience to your com-
munication of Oct 22nd 1868. to submit the following
as my official action in the efforts made to
discontinue the Home for Refugees & Freedmen
this city.

Since my appointment as Surgeon in chief I have carefully guarded against the admission of any patients into the Hospital who did not come fully under the orders governing the admission of patients there and by frequent & strict examinations kept the patients in Hospital reduced to the lowest possible number.

The following proposition was made to the Apt. Comm. to the Mayor and City Council of Louisville.

"Bureau Ref. Med. & A. Lands
Apt. Comm. Office State of Ky.
Louisville Ky Oct 17th 1868

"Hon. Mayor & City Council of Louisville Ky.
Gentlemen:-

"I have the honor respectfully to invite your attention to the following statement and proposition. —

"The Bureau of Ref. Med. & A. Lands will be discontinued under act of Congress passed July 25th 1868 in the State of Ky on or before Jan 1st 1869.

"The Bureau has under its care at the Refugees and Freedmen's Hospital corner 14th & Broadway Sts. 56 colored patients and paupers, there is no authority by which I can make any provision for these people after January 1st 1869. On that date the Hospital must be closed and if no other provision is made for these helpless persons they will ~~be~~ unavoidably forced to shift for themselves.

"With a view therefore of securing an Asylum for such as may remain in the Hospital at that time I submit the following propositions

"I will turn over to the city all Hospital Stores (including furniture) Medicines & Medical Stores and will procure the transfer of the building now occupied by the said

Hospital to the city of Louisville on condition that the said city of Louisville will make provision for these sick and destitute freed people.

"I request that the Honorable City Council take this proposition into consideration and if deemed proper appoint a committee to visit said Hospital inspect and report upon the value of the building and stores proposed to be turned over to the city.

I am Gentlemen

Very Respectfully

Your Obedt Servt.

(Signed) C. Burbank

But. Brig. Genl. U.S.A.
Apt. Comm. State of Ky.

Since the issue of the above I have had repeated interviews with the city officials urging upon them the absolute necessity of prompt and efficient action inasmuch as under existing orders we would be compelled to dismiss the inmates of the Home on the first of Jan. 1869. appealing to them in the name of justice humanity and christianity not to suffer them to be turned out to die.

At my third interview I succeeded in obtaining a promise from the Mayor and a committee of Councilmen to visit the Home at a specified time but to my surprise only two of the committee felt sufficient interest in the matter to make their engagement binding. The proposed change was again freely discussed and an inventory of the property proposed to be turned over by the Apt. Comm. with an estimate of its value furnished them on their own request. The two members promised to bring the subject before the Council at the next meeting and in full.

of that promise introduced the following Report which after considerable debate was adopted by the Lower Board but the Board of Aldermen have failed to take any action in the matter whatever except to discharge the special committee to whom the Report was referred and I am assured after several interviews with members of that Board that no further action will be taken.

The following is the Report as submitted.

To the Genl. Council of the City of Louisville
Gentlemen:

"Your committee into whose hands were placed a communication from Genl. Burbank of the U.S. Army and the Asst. Com. State of Ky, for the Bureau of Freedmen & Lands, would report as follows.

"That the value of all things proposed to be turned over to the city with the Freedmen's Hospital will not exceed as per Report accompanying this \$6,208 ⁰⁰/₁₀₀.

"They would further report that whereas the city of Louisville has at the present but one Hospital with a capacity of 80 beds, and now in that Hospital not less than 120 patients, and whereas the city is about to enlarge her Hospital with apartments for colored patients, and whereas, the United States has a Hospital in our city with ample room for the accommodations of the inmates of the Freedmen's Hospital, and whereas the city does not desire and cannot without great expense conduct a separate Hospital for colored patients, therefore be it resolved by the General Council

of the city of Louisville that we would ask of the proper authorities of the United States that they transfer the patients of the Freedmen's Hospital in this city to the U. S. Marine Hospital in this city until such time as will allow the city to complete the addition to her present Hospital.
Respectfully Submitted,

W. C. Jacobs.

I deem it my duty, local in connection with this Report to respectfully invite your attention to the accompanying letters from Drs. Brown, Noble and Farrester detailing the suffering condition of the colored people of this city, and ^{unlike} beg to add my own personal experience on the same subject. I am repeatedly appealed to by the relatives and friends of the sick, destitute and dying, begging to have their friends or relatives admitted to the Hospital affording their utter inability to care for them.

I am called upon daily to visit the colored sick and find many of them in the most abject poverty striving to obtain subsistence from half naked attenuated and sickly mothers, huddled together in tenements through which the cold blasts of winter pass almost uninterrupted. Youth, manhood and old age male and female congregated promiscuously in the most unhealthy parts of the city without any visible means of support. Much of this suffering I am satisfied is not the result of laziness on the part of the colored people but is due to scarcity of labor and the unusually small compensation paid for labor during the year about five p.c. in this condition.

the poor freedmen are overtaken by an early and severe winter entirely unprepared to meet its severities.

I am well advised of the fact mentioned by Dr Brown that but very few of the physicians will attend the colored people unless paid ^{per visit} in advance (from \$2.00 to \$5.00). added to this the utter refusal of the druggists to credit them, thus the colored man's condition is deplorable indeed.

If the Home and present Dispensaries are discontinued after the 31st inst the suffering of these people must be greatly increased.

This Colonel is no overdrawn picture but a plain statement of facts. and in view of these facts I would respectfully ask that the three Medical Officers now on duty in this State be retained until the present winter is past in order to alleviate as much suffering among the colored people as possible.

This Report has been delayed to the present time awaiting the action of the City Council.

I am Col.

Respectfully forwarded approved. I know Mr Ashcraft who is a thoroughly loyal man and is in every way worthy of the patronage asked for. We had a brother in our service during the late rebellion and he himself contributed all he could to aid the Union cause. I hope Mr Ashcraft may receive the trade which the Bureau has in its power to give in this city.

stating that I would not allow even a to nail to be
permitted to any Medical Center in or out of the city.
I immediately called upon my assistant Dr. Dismont
and advised him of my course in the matter and
ordered him to see that I was carried out in my
saw. I also gave orders to my Ward Master to see that
every dead body was taken from the Hospital, at my
next interview with Col. De Witt I informed him of the
request made by the Demonstrators and suggested that
a Special Order be issued on the subject, which was done
some time thereafter.

Relating to the case of J. Stigler late Capt. in the 99th
Regt. Ill. Inf. I have the honor to state that I was
admitted into this Hosp. by Order of Col. De Witt in
Chief State of Ill. on the 4th of April 1867 suffering from
a shot wound of right side of head and dislocated neck
of stump of left forearm. Some concerns of my right
of which Capt. Stigler has suffered; he has a scar on his
self a wound to right arm from an old ball the Medical
attention deemed necessary, is seen. I think clearly to see
that Officer he is not and has been confined to his
bed a room with the exception of a few days for his
admission. Just before certain charges of the matter
Capt. Stigler's serious signature as is affected that he is entirely
incapable for anything which he says or does. So far as
regards the alleged indignation of "Citizens of Louisiana"
it is our position is that the last person detained in
jail, with the exception of one or two of Capt. Stigler's
friends who remain in the habit of visiting him at irregular
hours taking him beyond the Hosp. limits and sending
him back under the influence of liquor which proceeding
I deem it my duty to abate and thereby, probably, gave
offense to said parties.

L. A. Chief Medical Officer Wash. D. C.

Louisville Ky August 16th 1867

Respectfully returned with the information that I shall in conversation on any subject with Hon. Jas. Speed previous to or at the time of his writing the enclosed letter and therefore cannot say positively what motive he had in writing it. My impression is that it was on account of the attempt made by Dr. Griffiths, Mr. Kennedy, Brown & Co. to injure the character and standing of Dr. R. A. Bell & Co. as they were in charge of the Hosp. for Col. at this place, as I am informed that the above named persons had boasted that they intended making a clean sweep of the Medical Officers of the Bureau at this place, that they had the ear of the Maj. Genl. Com. & would do as they pleased. Dr. Griffiths and Mr. Kennedy claiming to be the representation of the union sentiment in this city. One object of Mr. Speed's letter was no doubt to acquaint the Maj. Genl. Com. with the falsity of this assumption. I am informed by Genl. J. C. that previous to my coming here two attempts were made to injure the character and standing of Officers in the Med. Dept. of the Bureau by Dr. Griffiths, charges having been preferred by him (Griffiths) against Dr. Octorbury which upon investigation were found to be entirely without foundation. I am convinced that the charges made against Dr. Bell were made not with any disposition to benefit the Bureau or the Freed people but out of personal feelings and a desire to advance their own interest. I am an intimate acquaintance with the Physicians on duty with the Bureau at this place viz. Dr. Bell, Octorbury & Forrester. Persons hesitating in saying that they are Gentlemen of the highest moral character, excellent professional qualification and devoted to their duties. In my opinion the Bureau would sustain a great loss in the removal of either of them and the Freed people would be devoted friends. I am authorized by Genl. J. C. Chief of Dept. of the Bureau

in this state to say that he entirely agrees with me in the above opinion. It would be improper for me to refer to the result of the investigation in the case of Dr. R. A. Bell the report together with the testimony having been forwarded to the Maj. Genl. Commissioner.

Surg. in chief Dist. of Ky.Louisville Ky November 12th 1867Respectfully returned for corrections. How you can
make out in "Remaining at date of this Report"
4-22-1-1 is impossible for me to see, as the "Total"
number under treatment is 15, 18, 3, 2, from which
you subtract 9-8-0-3 - an impossibility, leaving only
"2" female children, which you subtract "3".D. J. Bell

The Hosp. at this time has one hundred and ninety two (192) patients with the prospect of large additions this winter and the character of the diseases such as to require the whole time of an experienced Physician.

The arrival of an Assistant Dr. Rogers, was deferred with the first returns. Every effort is being made to accommodate the Med. Dept.

John. St. L.

It is impossible for me to attend to the duties of both positions without doing great injustice to the patients in the Hosp.

Schenck, B. B. Esq. U.S. Atty. Gen. State of Ky.
Colored Soldier admitted to Hosp. for Insane State of delirium November 5th 1867
Louisville Ky February 27 1868

Respectfully returned to you with the statement that the within named recruit was brought to the Hosp. for Insane State of delirium on the morning of November 5th 1867 by two police men who found him lying in the commons south of the city with his feet in a puddle of water in a state of delirium, the result of erysipelas in the head & face, and his vital powers sinking rapidly from the night exposure, having scarcely enough rage on to cover his nakedness.

Upon examination I found both feet badly frozen from which he has lost all the toes of his left foot except the large one, and from which he is still suffering. He had nothing on or about him to indicate that he was in any way connected with the U.S. Army at the time of his abduction.

Some days after when he became conscious and was interrogated as to his identity he stated that he had been a soldier in a Tennessean Cavalry Co. Reg. but had been mustered out and gave his home as at Cynthiana Ky.

He will not be able in a fit condition to travel for five or six weeks.
